Arctic Steamer Lost.

NEW YORK, April 18.—The following is by special cable to the Herald:

IRKUTSK, SIBERIA, April 18th, 1882.—I have this morning received startling news from Mr. Jackson, the special commissioner who was sent in search of the Jeanette survivors. He apparently forwarded the dispatch by courier. It ran as follows:

FROM THE BANKS OF THE ALDEN RIVER, April 6th, 1882.—I have just met a courier bearing dispatches from W. H. Gilder, Herald correspondent with the Rodgers, whom the courier had accompanied from Kolyma, on the Kolyma River, to Verkhoyansk, four hundred miles north of Yakutsk. Gilder has made the journey of two thousand versts among the Chukches. He was sent forward with the news the Rodgers had been burned and sunk; that Lieutenant Berry, with the officers and crew, thirty-six in number, are at Tiapka, near Cape Serdze; that a vessel should be sent for them as early as possible.

PILES! PILES! PILES!

A Sure Cure Found at Last—No One Need Suffer!

A sure cure for blind, bleeding, itching and ulcerated piles has been discovered by Dr. William, (an Indian remedy,) called Dr. Williams' Indian Ointment. A single box has cured the worst chronic cases of twenty-five or thirty years standing. No one need suffer five minutes after applying this wonderful soothing medicine. Lotions instruments and electrics do more harm than good. Williams' Ointment absorbs the tumors, allays the intense itching, (particularly at night after getting warm in bed,) acts as a poultice, gives instant and painless relief, and is prepared only for piles, itching of the private parts, and nothing else.

Read what the Hon. J. M. Coffinberry, of Cleveland, says about Dr. Williams' Pile Ointment: I have used scores of pile cures, and it affords me pleasure to say that I have never found anything which gave me such immediate and permanent relief as Dr. Williams' Indian Ointment.

Dr. Frazier's Root Bitters.

Frazier's Root Bitters are not a dram-shop whisky beverage, but are strictly medicinal in every sense. They act strongly upon the liver and kidneys, keep the bowels open and regular, make the weak strong, heal the lungs, build up the nerves and cleanse the blood and system of every impurity.

For dizziness, rush of blood to the head tending to apoplexy, dyspepsia, fever and ague, dropsy, pimples and blotches, scrofulous humors and sores, tetter, ring worm, white swelling, erysipelas, sore eyes and for young men suffering from weakness or debility caused from imprudence, and to females in delicate health, Frazier's Root Bitters are especially recommended.

Dr. Frazier: I have used two bottles of your Root Bitters for dyspepsia, dizziness, weakness and kidney disease, and they did me more good than the doctors and all the medicine I ever used. From the first dose I took I began to mend, and I am now in perfect health, and feel as well as I ever did. I consider your medicine one of the greatest blessings.

BATCHELDER'S Ventilated Egg Case.

Patented February 15, 1881.

Indispensable to Merchants Shippers And Producers.

The outside frame of this carrier contains five trays, held in place by fasteners at end of case, as seen in cut. These Trays are constructed in reversible halves. The above cut shows one whole tray filled ready to be placed in case, each egg resting in its cardboard socket in such a manner as to be readily counted, candled, or transferred from tray to tray; or case to case, without rehandling. For cold storage this case will store 60 dozen with racks made to receive the half trays, hence this is the cheapest storage case manufactured, saving largely in space. The manner of holding the eggs on end prevents oscillation, adding, or breaking, and adds greatly to their freshness when carried long in storage. Size of 30 dozen No. 1 cases 25x12x14, weighs 20 pounds.
